Suggested Feeding Rates...

- Light to Moderate Work 2.0 – 4.0 Kg/Day
- Intense Work 4.0 – 6.0 Kg/Day

Fibre such as pasture, chaff or hay, must be made available to meet the horse's minimum requirements of 1.5% of body weight per day. Feeds should be split into at least two meals per day, but preferably 3-4.

- Do not feed to any other animal species without the approval of Supreme Equine Feeds Limited
- This feed should not be made available to sheep due to high copper levels
- Store in a cool dry place, out of direct sunlight.
